

# Activity: Plants to Paper

This is an easy workshop activity that is also a great deal of fun to make. In this activity we will make everything to make paper!

---

## 2024 Earth Day School Visits

Introducing Mezzacello Mobile Labs for energy, bioengineering, and biotechnology! Just in time for Earth Day 2024! Learn More.

---

## Revisiting the Chicken/Duck Run in 2024

Updating my original Paris sewer model for a cleaner French Drain Model. Kid designed! Stay Tuned.

---

## Mezzacello Urban Farm and the Story of Two Maps

This is a blogpost of Mezzacello's evolution from a side yard farm to a 21st Century applied STEM Learning Lab.

---

# Mezzacello Urban Farm As A Formal Garden

This is a blogpost of Mezzacello's Formal Garden plan (the gardens that front 20th Street to the east of the farm).

---

## Workshop: Partners not Pets

This workshop looks at the way humans, animals, and ecosystems interact with Applied STEM and engineering.

---

## Mezzacello Zoo Brew Adventures 2023

A while back I was offered 25 cubic yards of ZooBrew Manure from our local zoo. I opted for 10 cubic yards. I'm glad I did!

---

# **Glyphosate and The Hormone Regulation Mystery**

The role Glyphosate and Glyphosate-Resistant Genetically-Engineered grains has on egg production and health.

---

## **BioDome Curriculum Design**

After building and testing the BioDome at Mezzacello Urban Farm I needed to know how difficult it was to build a real model!

---

## **Time To Upgrade The BioDome Again**

It's year three for the biodome and I am innovating the design by integrating an outdoor classroom and the dome structure.
