

2024 Earth Day School Visits

Introducing Mezzacello Mobile Labs for energy, bioengineering, and biotechnology! Just in time for Earth Day 2024! Learn More.

Workshop: Quantum Effects in Nature

In this workshop we will explore the macro and quantum effects of electrons and conductive and insulative materials and work.

Revisiting the Chicken/Duck Run in 2024

Updating my original Paris sewer model for a cleaner French Drain Model. Kid designed! Stay Tuned.

Workshop:

Physical

Electricity

In this workshop we will explore the macro and quantum effects of electrons and conductive and insulative materials and work.

Glyphosate and The Hormone Regulation Mystery

The role Glyphosate and Glyphosate-Resistant Genetically-Engineered grains has on egg production and health.

Mezzacello and the Impact on Health Careers

Mezzacello has a mission to sustain our communities! One of the way we do this is through outreach to the future.

The Foodist: Scotched Quail Eggs

Quail are the newest fowl species at Mezzacello. Here is a recipe for delightful scotched quail eggs that Rick makes!

BioDome Automated Systems 2023

This is the blogpost that touches on the ecology and technology in the biodome for 2023.

Time To Upgrade The BioDome Again

It's year three for the biodome and I am innovating the design by integrating an outdoor classroom and the dome structure.

The Moon and Other Garden Jewels

After a review of the grounds at Mezzacello, the moon showed me some issues I was unaware of as being real pressing issues.
