

Tour of The Potager Gardens

Welcome to the tour of the potager gardens at Mezzacello. We grow a variety of roots, vegetables, and flowers using technology.

Get The Lead Out

Chicken farming group posted a story about high lead contamination in backyard flocks in Australia, my neighbors and I had our soil tested.

Care and Instructions for a Parterre Garden

The parterre garden has a long and storied history. It is a good system for gardening and is quite effective.

Eden's Ghost Application

The origin and use of Eden's Ghost and how I developed it with the bioreactor. This post includes directions for use and instructions.
